Moderator's message

Bismillahir Rahmanir Rahim. The modern world today stands on information and communication technology. The more information and communication technology a country has in the world, the more developed it is. And the device that continues to contribute to the core of information and communication technology is the computer. The computer device has become an essential and indispensable part of everyday life, not just for the elite. From the kitchen to the Bangabhaban where the computer is not being used today! Shaheed Bir Uttam Lt. Anwar Girls College has been playing an important role in building a nation rich in information and communication technology. The computer club started its journey in 2015 to take the goal further and spread technology knowledge among the students. We have about Two hundred students in this club. I thank the authority for their fruitful suggestion and cooperation and all the members of the club for their cordial and active role Since its inception. I wish the club a great success.

Purpose of the Computer Club

The purpose of the Computer Club is to provide an atmosphere in which students who are interested in computers can share their ideas, knowledge and proficiency with other like-minded students. Skills like commitment, leadership, effective communication, and being able to work successfully in a group all come from participating in a Computer Club. Computer Club helping students with power point presentation and practical work they may be interested in learning such as Microsoft Word, Microsoft Excel, Microsoft PowerPoint and MS Access etc. Small projects such as Making Multimedia presentation. Those Skill are helpful for their future.

CLUB Activities

MS Word (Bangla & English)

- Class Six-Seven

MS Excel

- Class Six-Seven

MS Access

- Class-Viii -x

MS Power Point

- Class-viii-x

Annul Planning

For Six and Seven

Word processing or writing can do all its work (Bengali and English). Document formatting and editing.

You can open a new file, insert pictures, resize pictures, bring tables to a document, add or delete a row or column.

All calculations can be done using the spreadsheet or Microsoft Excel to calculate (add, subtract, multiply, divide and percentage). A person can calculate the total salary on a basic basis. You will also be able to create the results sheet along with the grading diagnosis of your exam.

For Eight to Ten

Can create any multimedia presentation using Microsoft PowerPoint. Create transitions and animations in a presentation. bring pictures and videos and edit photos and videos as needed.

Using Microsoft Access, you can make data entry by creating fields according to different types of data types, and then sort, modify and modify them as needed.

Yearly Target

For Six and Seven

Ensure participation in any quiz competition on Microsoft Word, document writing, editing, formatting and spreadsheet or calculation of test or grading test used in Microsoft Excel.

For Eight to Ten

Ensure participation in open competition, on multimedia presentations and database contests.
